FOREWORD

This is the fifth issue of the Statistical Hand Book of West Pakistan which is published by our Bureau of Statistics on an annual basis. In these days of Planning, there is great need and demand for a publication that can be used as a handy reference book for statistical information on the economy of a Province. This Hand Book has been designed to fulfil this objective. I hope, it will be of interest not only to the planners and administrators but also to educationalists, the research workers, and the general public.

The scope and contents of this edition have been enlarged with a view to making it more comprehensive, informative and useful. Some new tables on Local Bodies, Public Finance, Agriculture, Banking and Finance, and Education have been added in the present edition.

I gratefully acknowledge the help we have received from various sources, and I greatly appreciate the hard work done by Mr. Mohammad Afzal, Director, Bureau of Statistics, Government of West Pakistan, and his staff in bringing out this useful booklet.

Suggestions for improvements will be most welcome.

B. A. KURESHI,
S.Q.A., S.Pk., C.S.P.,
Chairman,
Planning and Development Board,
Government of West Pakistan,
Lahore.

PREFACE

Before 1962, there was no single publication containing statistical data of all sectors of West Pakistan economy. In order to meet this situation, this Bureau started the preparation of "Statistical Hand Book of West Pakistan." The available data were collected from a large number of Departments of the Central and Provincial Governments and from various Autonomous and Semi-Autonomous Agencies of West Pakistan. These were edited and tabulated in convenient form to suit the general purpose requirements of users of data. The first edition of "Statistical Hand Book of West Pakistan" was published by the end of 1962. The present issue is the fifth edition of this Hand Book. It presents a summary of almost all economic and social sectors of West Pakistan economy. For ease of reference the tables have been distributed among the relevant sectors.

This Hand Book has been designed to serve as a handy volume for Statistical references. The sources from which the data have been compiled are indicated under each table. For more detailed information, references may be made to the original sources.

The data have been compiled on Provincial and Divisional basis, and, wherever possible, information has been given on District basis.

I am thankful to the various Central, Provincial and Semi-Autonomous Agencies who have supplied information for this publication. The Bureau looks forward for increasing co-operation and further statistical data from them with a view to make this booklel more informative and useful.

Mr. Mohammad Saeed, Assistant Director and Mr. Mahmood Ahmad, Statistical Officer, have done all

the hard work in producing this useful Hand Book. Mr. Manzoor Hussain, Typist of this Bureau has also worked diligently in typing the manuscript. Efforts of all these persons are highly appreciated.

Comments for improving the contents of future issues of this Hand Book will be most welcome.

MOHAMMAD AFZAL,
Director,
Bureau of Statistics,
Planning and Development Department,
Government of West Pakistan,
Lahore.
